

Chateau Meddybemps®

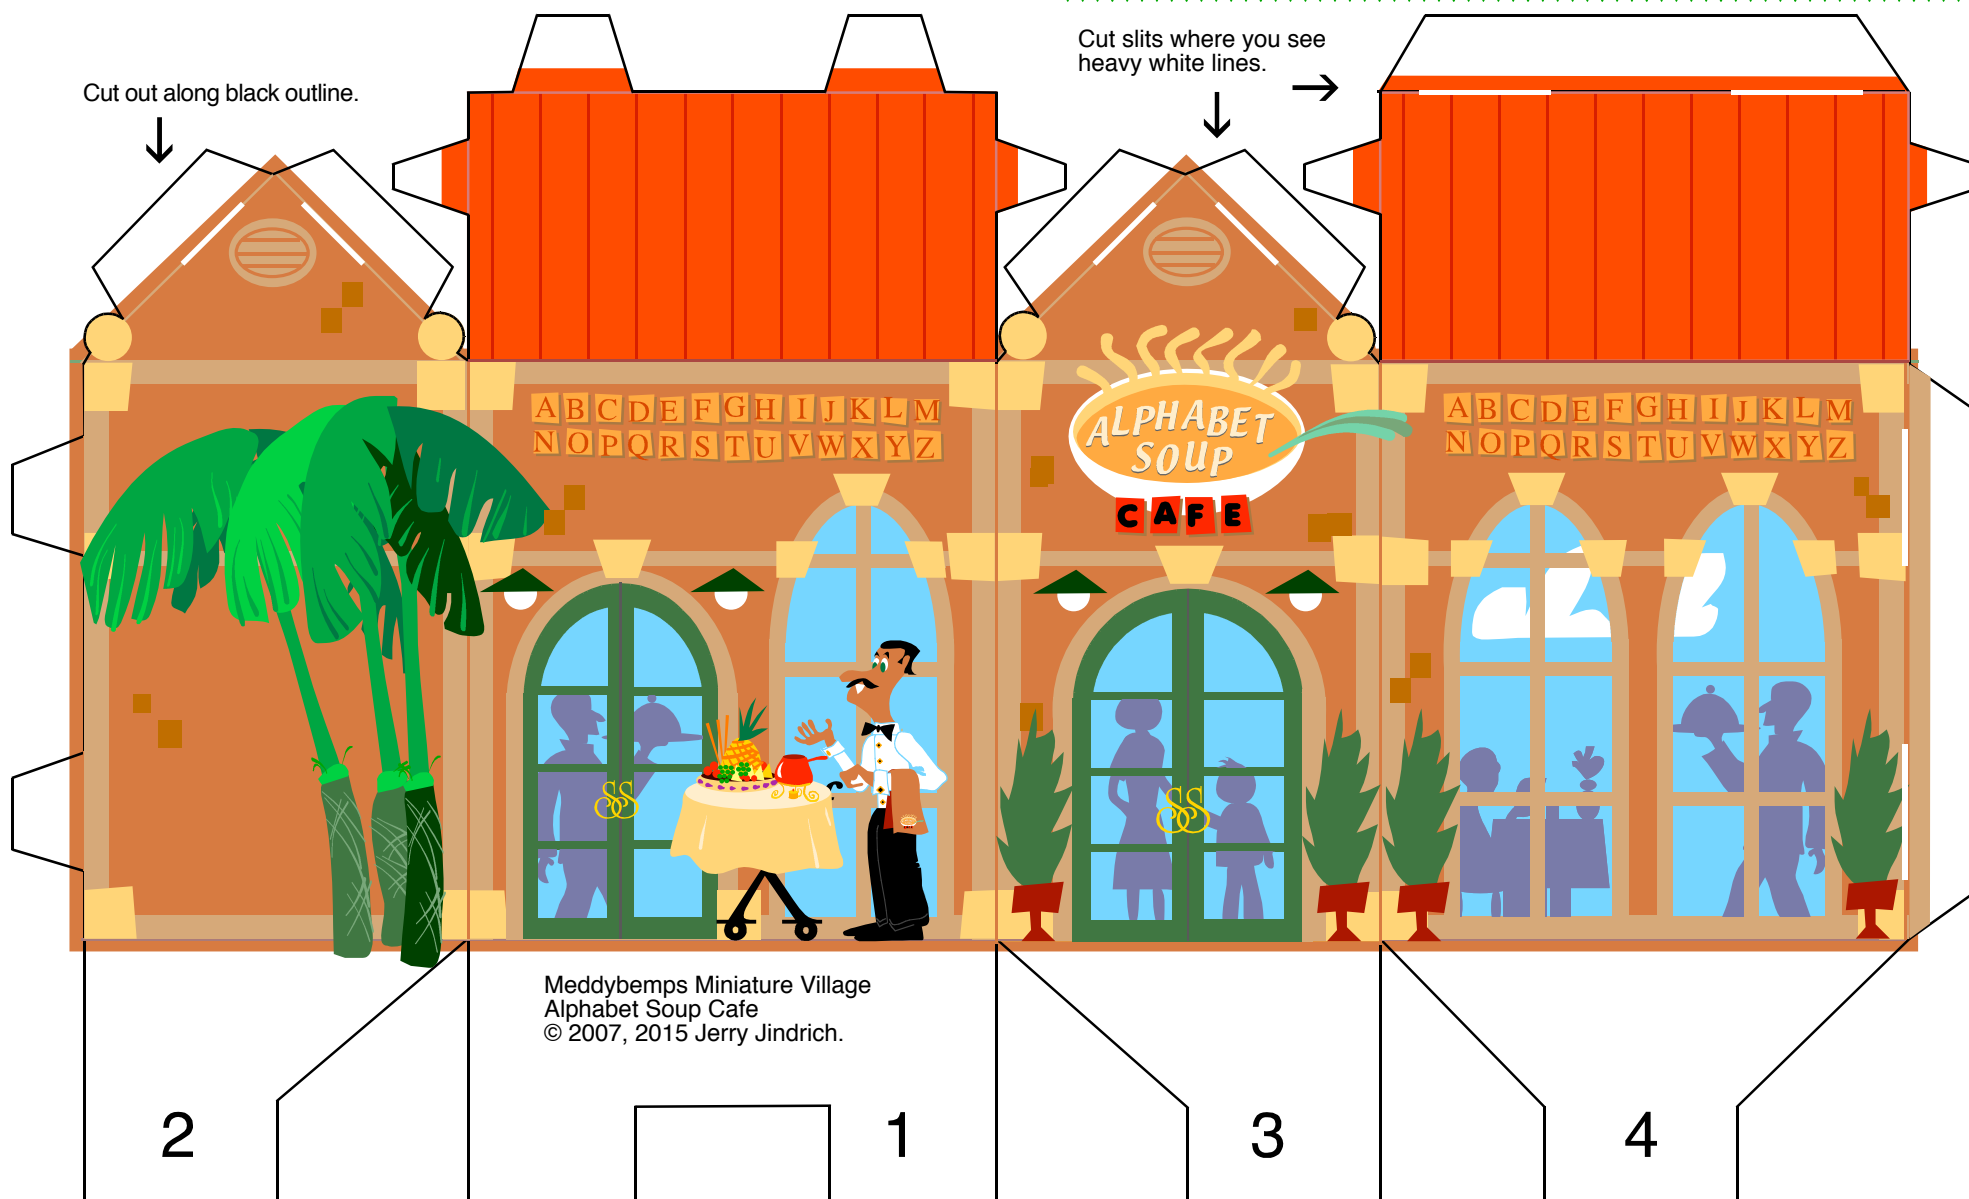

Meddybemps Miniature Village™

Alphabet Soup Cafe

To assemble:

- Cut the building from this sheet with scissors. Cut slits carefully with hobby knife.
- Fold and gently crease tabs, corners of building, roof panels and bottom flaps.
- Slip tabs into slots. Save bottom flaps until last.
- Fold bottom flaps under in numerical order. Flap 4 is last and should tuck under Flap 1 to hold them all in place. Use glue or tape for permanent assembly.

For more ideas and inspiration, visit www.meddybemps.com/trains/village.html.

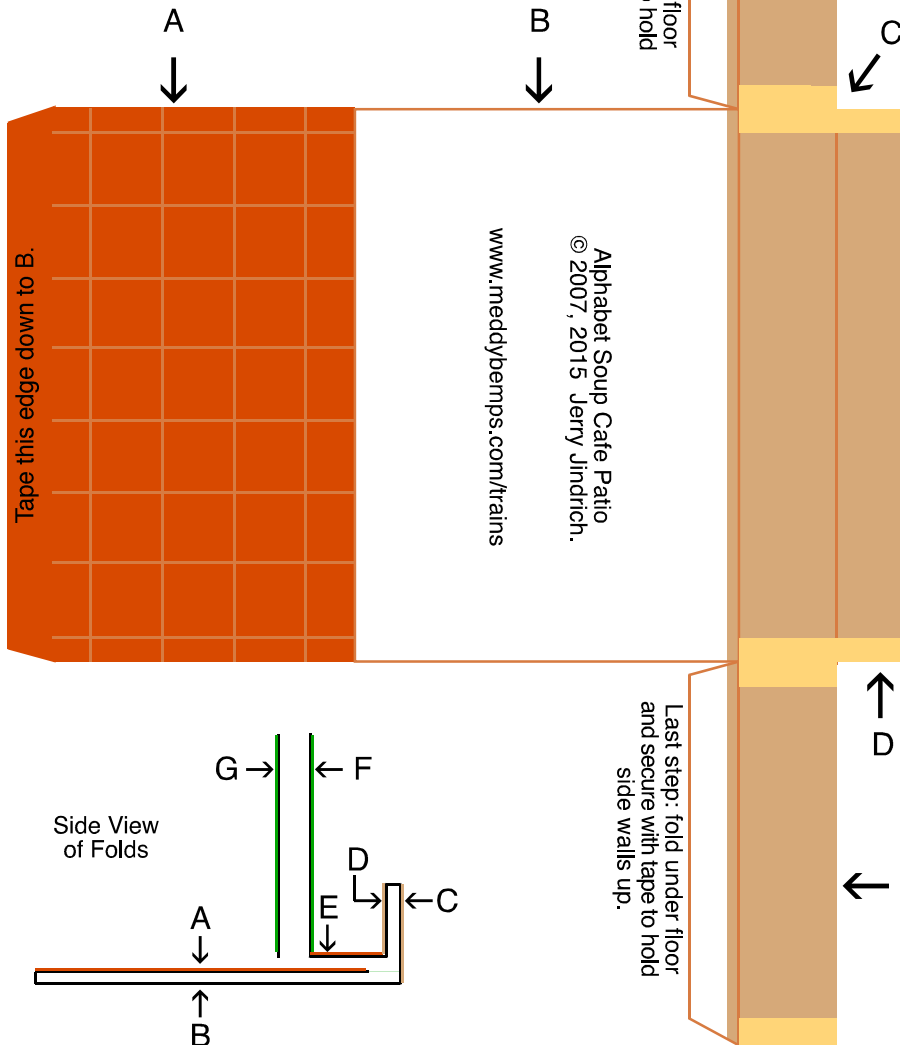

Meddybemps Miniature Village™

Cafe Patio

(With meeting of the Literary Society)

Refer to diagram below to see how to fold sections.

When complete, the patio will have three walls. The side of the building provides the fourth wall.

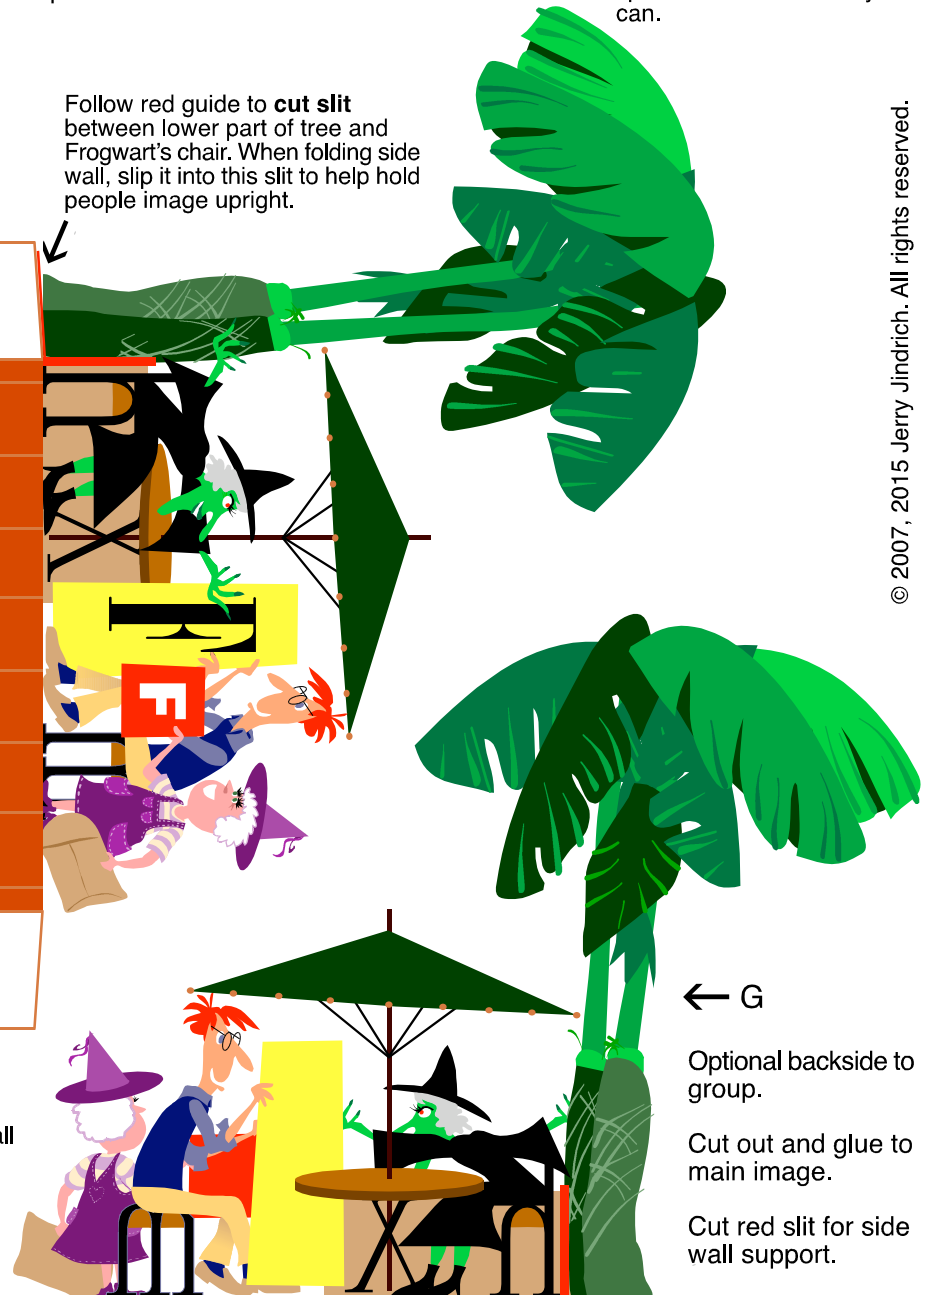

Last step: fold under floor and secure with tape to hold side walls up.

Last step: fold under floor and secure with tape to hold side walls up.

E This is outside third of patio floor. Tape tabs under B.

Follow red guide to **cut slit** between lower part of tree and Frogwart's chair. When folding side wall, slip it into this slit to help hold people image upright.

F F is whole image of trees and people. Trim as closely as you are comfortable doing. Remove some white space under umbrella if you can.

G Optional backside to group.

Cut out and glue to main image.

Cut red slit for side wall support.
